# **Welcome to the Commonwealth of Massachusetts Board of Registration in Medicine Online Services**

Please click here to access the Proposed  
Regulations page.

## **Mission Statement**

The Board of Registration in Medicine was established in 1894. The Board consists of seven members, five physicians and two public members, who are appointed by the Governor for staggered three-year terms.

The overriding mission of the Board is to serve the public by striving to ensure that only qualified physicians are licensed to practice in the Commonwealth, to ensure that those physicians and health care institutions in which they practice provide to their patients a high standard of care, and to support an environment that maximizes the high quality of health care in Massachusetts.

The Board investigates complaints, holds hearings and determines sanctions. These functions are critical to protecting the public by ensuring that only competent physicians and acupuncturists are practicing in Massachusetts.
